* Note: Column identifiers represents column placement in the CSV file. The alpha characters indicate the corresponding spreadsheet field position when generating a data file in Excel and the numbers are numeric representations of the same.

* Note: Boolean columns must be populated with a 1(true or yes) or 0(false or no) if the column in the data file is bound to a column in Corlmport Field Association screen.

* Note: Squawk Part Activity is a required field if adding a Canned Squawk with a Part number. The Squawk Part Activity labels are: Replacement, Service, Repair, For Access and New to Aircraft.
