W/23	Parts Taxable	Boolean	Must have value if bound to a column.
X/24	Service Method	Text(255)	
Y/25	Service Price	Currency	
Z/26	Services Taxable	Boolean	Must have value if bound to a column.
AA/27	UDF	Text(255)	

* Note: Column identifiers represents column placement in the CSV file. The alpha characters indicate the corresponding spreadsheet field position when generating a data file in Excel and the numbers are numeric representations of the same.

* Note: Boolean columns must be populated with a 1(true or yes) or 0(false or no) if the column in the data file is bound to a column in CorImport Field Association screen.

* Note: Starting with field number 41, the user can have an unlimited number of user-defined fields. CorImport Field Association screen will display as many user defined fields as have been set up by the user.
